Boise – August 30, 2005 – Virtually any trademark and service mark registered in Idaho can now be searched and viewed for free on the Secretary of State's internet web site at [www.idsos.state.id.us](http://www.idsos.state.id.us). According to Secretary of State Ben Ysursa, "This new web tool allows online customers to get results in minutes any time of the day or night."

Each search result includes a description of the mark, name of the registrant, registration and expiration dates, status, and the goods and/or services associated with the mark, as well as the option to view and print the original image and filing information.

This online search capability is the latest step in providing the public internet access to the information on file in the office of the Secretary of State.
